PUBLIC FORUM

None.

OLD BUSINESS

Mr. Stevenson informed the board that the public form response was emailed to the board.

NEW BUSINESS

None.

SECRETARY'S REPORT

West Lake Phase I

There was a problem with obtaining keys for the units. There are now keys to units on the first floor only until keys are made available to the other units. The property manager will start to move-in tenants on to the first floor. Mr. Stevenson informed the board that LHA does not official manage the property however the staff to manage the property is provided by LHA. Once all items of compliance are met and tenants are moved in there may be a grand opening. Overall the property is very nice.

West Lake Phase II Disposition

Waiting on HUD to fund the vouchers. Families who have voluntarily found a place to relocate has been approved to move. Staff is preparing other tenants to relocate. Once the families are all relocated the building will be demolished. Hopefully this time next year construction will take place.

HUD approved the HUD documents on last month.

West Lake Phase III

The developer is still looking at financing options.

Dakota and Renaissance

Will have and architect to look at what need to do, reconstruction or rehab.

Williamstown

The property is 100% occupied. The community is doing very well.

Abor Manor

An RFP will be issued for a developer in August 2019.

Commissioner Robinson addressed concerns regarding tonight's meeting regarding a guest who missed the Public Forum. Mr. Gilmore explained the Public Forum policy and procedure to Commissioner Robinson. Mr. Robinson was also advised that if someone misses their opportunity to present their concerns to the board after missing the public forum it would be the decision of the board to agree to add them at the end of the agenda.

Mr. Stevenson introduce Troy White, consultant with APRICO who will conduct the commissioner's workshop regarding the agency plan.

• Housing/Operations

Carlos Pizarro gave updates on the Manor of West Bartow regarding 3 families moved back in their apartments. All 8 units were cleared by the experts. The other units are being prepared for residents to return. Since the rain season has started it has been observed that one unit has the wet smell like the other problem units. Staff is working on securing a leak detection company to review the matter.

Twin Lake Estates moved in 14 families. Staff is in the process of moving the other 17 families this week.

Mr. Pizarro reported that staff has received all the keys for the units which will allow them to move tenants on the 2^{nd} and 3^{rd} floors.

• Administration/Finance

Valerie Turner gave a thorough overview of the Finance and Administration report.

RESOLUTIONS

None.

LEGAL REPORT

Ricardo Gilmore mentioned that in the last month regular board meeting he mentioned that the authority should have Directors and Officials Insurance (DOI).

OTHER BUSINESS

Mr. Stevenson mentioned their was no "other Business" however he wanted to acknowledge and thank Commissioner Pimentel for his participation and service as a guest speaker during one of the Youthbuild's class activities sharing.

Mr. Pizarro informed the board that Section-8 and Public Housing has a resolution regarding the utility allowance for 2020 to presented . Due to an oversight of Resolution

19-1472 was not put on the agenda and is now requesting the resolution be reviewed by the board for approval. The board agreed to allow the resolution to be presented.

Resolution 10-1472 – Requesting the board approval of resolution allowing the Executive Director to submit the 2020 Utility Allowance for Section 8 and Public Housing to HUD.

• Motion to approve Resolution 19-1472 on Utility Allowance. Motion by Robinson, seconded by Hall.

SECRETARY'S REPORT

Secretary's Report July 2019 Williamstown

The Micro-Cottages at Williamstown project is now complete. All forty-eight (48) housing units in this new public housing community are leased up.

The Williamstown project is now waiting for HUD to assign its public housing subsidy for each of the housing units within the community. HUD should initiate this process within the next 30-60 days since the housing units are 100% occupied.

The Williamstown project has been selected to receive the 2019 Award of Merit by National Association of Housing and Redevelopment Officials. The project has also been nominated for the Award of Excellence. LHA has prepared a display board about the project that will showcased at the NAHRO Summer Conference.

West Lake Phase I

The contractor is making good progress with the overall construction for the development. The building has received all of the necessary certificates of occupancy (COs) and is open for occupancy. The rental units have also passed the Section 8 HQS (Housing Quality Standards) inspection which as required before any tenants could be allowed to begin the move in process. Staff is hopeful the building will be fully occupied by the end of the month.

West Lake Phase II Disposition

The HUD Special Application Center (SAC) has given its approval of the Demolition-Disposition application for the Phase II. A copy of the approval letter is included with the April 2019 Board Packet in the Old Business section.

Relocation Phase II

The SAC approved the Demo-Dispo application. The application included a request for Section 8 relocation vouchers for the families in Phase II. LHA staff has submitted an application to the HUD Field Office to fund the Section 8 relocation vouchers. Staff continues to host Phase II relocation meetings with the residents to answer questions and provide updates.

Staff is hopeful HUD will fund the relocation vouchers for Phase II within the next 30-45 days. I spoke with the Director of the Jacksonville Field Office about the need to fund the vouchers. Once the vouchers are funded, the families will start moving to new locations. The goal is to have all families were relocated by the end of July 2019. The residents will be given boxes and packing tape to assist with their preparation to move offsite. The contractor will start demolition activity once the families are relocated off-site.

Secretary's Report July 2019

I was advised by the HUD Field Office that SAC approval letter also provides approval of the Phase II Relocation Plan. Once HUD funds the vouchers, LHA will proceed with the relocation process at full speed.

Demolition – Phase II

The second and most recent Demolition/Disposition Application for West Lake requested demolition approval for the entire site and disposition approval for the Phase II which consists of sixty-four (64) housing units within twenty-two (22) residential buildings and one (1) community building. The HUD SAC approved the Demo-Dispo application. Again, demolition will begin after the completion of relocation.

West Lake Phase III

The Developer Partner hired a consultant to try and obtain additional funding commitments from the City of Lakeland and Polk County governments. The consultant was successful in obtaining a local government contribution from the City of Lakeland. The tax credit application was submitted to the Florida Housing Finance Corporation. LHA and the Developer wanted to use LPHC's status as a 501c3 for the applications. The non-profit option provides more points during the application process. The application did not receive a favorable lottery number. So, the Developer Partner requested permission to submit an application for a Revitalization Grant. LHA agreed. The Developer Partner is currently preparing an application for Disaster Relief funding.

Carrington Place a.k.a. Dakota Park

The tax credits at Dakota Park expired on December 31, 2017. There was also a balloon payment of \$345,000 due to SunTrust Bank and \$149,000 in Deferred Developer's fees. The loan has been paid off. LHA staff worked with Rubin Brown, an LHA Financial Advisor, and National Equity Fund to pay off the loan. Project closeout funds will be used to pay off the new loan. The next step is to make a decision regarding how to rehab the property. LHA staff continues to discuss this issue with the Financial Advisor and Legal Counsel. LHA may engage a Development Consultant to assist with obtaining financing for the rehab of the property.

Renaissance at Washington Ridge

The tax credits at the Renaissance HOPE VI site expired on December 31, 2018. There was also a balloon payment of \$536,00 due to SunTrust Bank and a \$1.3 million dollars in Deferred Developer's fees. The loan has been paid off. LHA staff worked with Rubin Brown, an LHA Financial Advisor, and National Equity Fund to pay off the loan. Project closeout funds will be used to pay off the new loan. The next step is to make a decision regarding how to rehab the property. LHA staff continues to discuss this issue with the Financial Advisor and Legal Counsel. LHA may also engage a Development Consultant to assist with this project.

Secretary's Report July 2019

Investment Partner Activities

The Investment Partner, Global Legacy Development Group, was selected after a public procurement process was conducted by LPHC. LPHC and the Investment Partner executed a Memorandum of Understanding on February 25, 2018. The two entities will work together in cooperation with LHA to identify and pursue development and investment opportunities for the purpose of generating independent non-federal revenue streams. One purpose of the funds will be to provide services for income qualified families in the LHA and LPHC service area. Future funding options include low income housing tax credits, new market tax credits, bond options, affordable housing financing, loan syndication and other partnership ventures.

LHA continues to look at ways to generate startup funding for partnership activities. So, staff explored the possibility of a working capital line of credit and predevelopment financing with local financial institutions. The plan was to use the working capital funds to assist with relocation costs overruns associate with West Lake Phase I, potential staffing/administrative shortfalls associated with disposition of housing units at West Lake, and project development activities for LPHC. Negotiations with PNC were ended by LHA in February of this year. Staff did not like or agree with the terms of the loan commitments requested by PNC. No further negotiations with PNC are expected.

The Investor Partner and LPHC formed a partnership via a Limited Liability Company for purposes of submitting an application for low income housing tax credits for the Arbor Manor property. The partnership documents were written by the LHA Legal Advisor, Saxon Gilmore. The LHA and LLPHC Boards passed resolutions in September 2018 authorizing the submittal of the tax credit application.

The application for tax credits and SAIL funds for Arbor Manor Phase I was submitted on December 4, 2018. The project was not selected for funding. Staff has decided to write another RFP to solicit a Development Consultant in preparation of submitting another tax credit application in the next round of tax credits.

Agency Plan

LHA staff drafted the 2020 Agency Plan which is due to be submitted to HUD on or before October 15, 2019. Staff is expecting to start the process no later than June 1, 2019. The process will include public and strategic meetings with the Board of Commissioners, the City of Lakeland, the residents/participants and the public. Staff issued an RFP for a consultant to assist LHA with writing the new 5 years Agency Plan. Negotiations with the procured consultant have been completed. The consultant is now scheduling a series of public meetings to discuss the Plan with the general public, residents of LHA communities and the LHA Board of Commissioners.

Fair Housing Audit

Secretary's Report July 2019

Charles President, Director of HUD Jacksonville Fair Housing Office, visited LHA on June 26-28, 2018 to conduct a Civil Rights Compliance Review. LHA was chosen at random for the audit. LHA staff spent several weeks preparing documents for this purpose. Staff due diligence was reward with a positive review and visit by Fair Housing. Mr. President was very impressed with LHA's documentation. The review resulted in no findings, but one recommendation. HUD sent a written response via Voluntary Compliance Agreement (VCA) providing LHA one year to comply with the recommendation. The VCA was executed in August 2018. A copy of the VCA was included in the September 2018 Board Packet.

Previously, LHA was notified the HUD-Jacksonville Field Office had planned a Limited Management Review for some time in August 2108. HUD visited the LHA offices for three (3) days on August 28-30, 2018. LHA staff prepared and submitted documents requested by HUD prior to the visit by HUD staff. A copy of the HUD comment letter regarding the site visit was included in the September 2018 Board packet.

Staff has submitted the first update report for the VCA to HUD-Jacksonville. A copy of the update is included with the February 2019 Board Packet in the Old Business section.

Other Activities

I attended the annual conference of the Florida Association of Housing and Redevelopment Officials. Several PHAs from across the state attended the conference.

I also attended the I-4 Commercial Corridor Conference held at Florida Polytechnic University. The conference was sponsored by SVN real estate advisors.

Respectfully submitted,

Benjamin Stevenson

Secretary

Oppose HUD's Mixed-Immigration-Status Proposed Rule Jun 27, 2019

In May, HUD published a proposed rule in the *Federal Register* titled "Housing and Community Development Act of 1980: Verification of Eligible Status." If implemented, the proposed rule would not allow mixed-immigration-status families from receiving prorated subsidies for housing from HUD.

The National Association of Housing and Redevelopment Officials (NAHRO) believes that the current system should be left in place. The changes in the proposed rule would unnecessarily hurt families and children, including U.S. citizens, and add additional administrative burden; all without the commensurate benefits suggested in the proposal. The current subsidy proration policy decouples the size of the family from the federal benefit received. This policy has been in place for over two decades and providers of assisted housing, particularly those most impacted by this proposal that serve many mixed-status families, have not vocalized any hardships or desire to change the policy. In fact, HUD's own analysis suggests that the policy will cost the housing industry MORE in the long run and will foist additional administrative burdens on those agencies that do not have mixed-status families amongst their customers. This mandate has questionable motives, and NAHRO's members have made it clear that it is unwelcomed.

NAHRO will be submitting comments to HUD opposing the proposal and encourages members to do the same. The bullet points below give some suggested reasons to oppose the proposed rule. We suggest using these bullet points as a basis for submitting your own comment letter. Please remember to incorporate some of your own language.

The Department has begun to screen comment letters that use similar language, so it is crucial that in writing your comment letter, you do not cut and paste the bullet points, but individualize your letter, and ideally include examples of the impact on your agency.

Reasons to Urge HUD to Stop Implementation of the Mixed-Immigration-Status Proposed Rule

- The current system fulfills the goals of federal law—Currently, families that have mixed-immigration-statuses receive prorated subsidies therefore no federal funds are being used to help those who are not citizens or eligible immigrants.
- The proposed rule will hurt families and children, including citizens of the United States—Families who currently receive housing assistance under the existing rule and who are tenants in good standing should not be penalized; they are following the rules in place when they entered the program.
- Changes to the current system would be administratively burdensome— There would be heavy regulatory burdens to PHAs under the proposed rule.
 - OBurdensome document collection- Some housing agencies would have to implement new document collection policies that will place additional burdens on staff and families. Like in an income recertification, sorting through a variety of documents will take additional time.
 - Changes in family size will require re-housing in new units— If family sizes change due to eligible family members leaving the household, the remaining family members will need to be re-housed in appropriately sized units or new vouchers issued to them. Finding new units, especially in tight markets, will be difficult.
 - o *Enforcing compliance will be burdensome* Housing agencies expect at least a degree of non-compliance. Enforcing compliance through evictions and voucher terminations will increase expenses, particularly at agencies that house larger numbers of mixed-status families.
 - o Housing agencies will have to update their admissions and continued occupancy plans—These policy updates to their plans will be time consuming.
 - o New procedural notice requirements will have to be implemented— The proposed rule creates new procedural requirements and is extremely prescriptive about how notice is given to applicants and program participants. New documents meeting these notice requirements will have to be created by PHAs and will have to be given to program participants at specific times.
 - o *Increased litigation costs* Housing agencies may incur increased litigation costs as local advocacy groups challenge the new rule and its implementation.
- Implementing the proposed rule would be costly— The proposed rule would increase the costs of HUD assistance as families that receive prorated assistance are shifted off the programs and more costly families are shifted onto the programs. According to HUD's own regulatory analysis, the aggregate increase in HUD's budget will range from \$193 million to \$227 million annually.
- Landlord relationships will be hurt— As families have their HUD-assistance terminated, private landlords participating in the housing choice voucher program will also incur additional costs should they chose to evict families and will be deprived of rental income as they seek new tenants. This will be costly to private landlords and will damage the relationships between landlords and PHAs at a time when we need more landlords to participate in the voucher program.
- Local judges may not evict program participants— Some judges may choose not to evict families for not complying with this proposed rule. This is especially true in the public housing program, where in several jurisdictions, the basis for evictions is high. This will place PHAs in an untenable situation as they try to abide by federal regulations, while receiving pushback from local legal systems.
- The proposed rule will not significantly impact waiting lists in any meaningful way— The need for additional housing is so high, and the size of the "problem" posited by the proposal so small -- i.e. only 0.003% of individuals are ineligible -- that the proposed rule will not impact waiting lists in any meaningful way. In fact, HUD's own analysis suggest that, given increased costs, housing providers may not be able to re-issue vouchers on a 1-for-1 basis with the families terminated from the program.

Disaster Relief Funding Passes House Jun 4, 2019

On June 3, the U.S. House of Representatives overwhelmingly passed the emergency supplemental appropriations bill more than a week after the U.S. Senate passed the same bill. The bill provides \$19.1 billion in disaster relief funding to several federal departments and agencies to address the results of recent wildfires, hurricanes, volcanos, earthquakes, typhoons, and other natural disasters. The bill now goes to the President for his signature.

There are several provisions specifically related to the Department of Housing and Urban Development (HUD) programs including the following:

- 1.A provision providing \$2.4 billion for Community Development Block Grants (CDBG) for disasters that occurred in 2017, 2018, and 2019;
- 2.A provision allowing states that received funding for Hurricane Matthew to use those funds interchangeably with funds that were received for Hurricane Florence;
- 3.A provision stating that within 90 days of enactment, HUD must publish the administrative requirements for \$12 billion in mitigation grants that were appropriated in a supplemental appropriations bill (Public Law No.: 115-123) from February 9, 2018; and
- 4.A provision extending the National Flood Insurance Program through September 30, 2019.

Old business: The Manor at West Bartow continues to have water intrusion issues, we are working with Saxon-Gilmore Insurance Specialist in order to contest the denial response we received from the insurance company and more importantly to uncover the true cause of the moisture issues we are having at this site.

<u>Conclusion:</u> Six (6) of the eleven (11) properties continue to have positive NOI. The four (4) properties that continue to struggle financially are HCV HAP, the Manor at West Bartow, Hampton Hills, and YouthBuild. Although COCC and Renaissance continue to have negative NOI, their situation is temporary in nature. The following narrative provides a synopsis of the current financial position for each property or program.

<u>COCC</u>: Timing of receipt of administration fees from HUD is beginning to impact the cash flow for this cost center. Specifically, LHA anticipated that the Micro-Cottages at Williamstown would commence receiving operating subsidy by June 2019. As of May 31, 2019, HUD has not provided operating subsidy for this property. However, COCC still must provide IT support, accounting, property management and adult life care services for this senior community. Staff contacted HUD in writing to obtain a schedule for when the property will commence receiving subsidy. On July 8, 2019, staff received notification that the subsidy request for the Micro-Cottages at Williamstown is still in progress. Additionally, there are subsidy requests from other Housing Authority's that were received by HUD prior to receipt of the request for the Micro-Cottages at Williamstown. Subsequently, those requests are higher in HUD's

queue and will be processed first. Consequently, HUD cannot provide an estimated time for receipt of subsidy at this time.

Fortunately, this property continues to generate cash flow as evidenced by a NOI of \$20,634 for the year. Furthermore, the Balance Sheet demonstrates that this community continues to have positive changes in cash. Review of COCC's financial statements also revealed that financial advisory services associated with redemption of Dakota Park and Renaissance were inadvertently charged to COCC. Staff is in the process of having these costs reclassified to Business Activities.

<u>HCV – HAP:</u> HUD continues to hold reserves for HCV HAP and has provided LHA access to these reserves to address shortfalls within HAP.

Renaissance at Washington Ridge, Ltd., LLLP (AMP 2): The negative NOI is due to costs associated with redemption of the property in March 2019. Additional administrative staff was also assigned to the property; which, has impacted cash flow. Note that HUD increased the operating subsidy for Renaissance by \$10,172 per month from \$23,563 to \$33,735 for July-September 2019. The increase in monthly operating subsidy from HUD will make a significant impact towards operations of this property.

West Bartow Partnership, Ltd., LLLP: This property continues to have a negative NOI due to costs associated with the January 2, 2019 insurance claim related to moisture and water infiltration. On May 7, 2019 the insurance carrier rejected the claim; thus, LHA submitted a request to the investor to access funds from the property's replacement reserve. The investor approved the request on June 3, 2019. As a condition of consent, LHA must also provide confirmation that the HAP subsidy renewal is committed through the remainder of the tax credit compliance period. Additionally, the management company will be required to provide evidence that the operating policies have been changed to ensure that the building does not experience an issue with water/moisture infiltration in the future. Finally, use of the replacement reserve must be submitted via draw requests with a current Aged Payables report outlining amounts that the management company is seeking to pay. On July 1, 2019, the investor also agreed to the property retaining a forensic engineer to determine the source of moisture and water infiltration and prepare a long-term mitigation plan for property.

<u>Hampton Hills:</u> The budget for this property was based upon rental income for five (5) homes. Staff sold one of the homes on May 31, 2019. Accordingly, this property is no longer expected to have a positive NOI due to transfer of the asset from the Authority to the homebuyer.

<u>YouthBuild</u>: The YouthBuild program is expected to continue to have negative NOI as this is a reimbursable grant. However, a notable improvement in the program's financial statements will become evident now that the Authority can submit for reimbursable expenses for this grant. Specifically, the Department of Labor funded the firs draw for YouthBuild-Lakeland's 2018 grant on June 25, 2019. This improved the NOI for both the period and year.

Comment

- 1 Variance is a result of a decrease in the demand for vending machine products.
- 2 Variance is due to timing of income.
- 3 Variance is due to timing of the administrative fees.
- 4 Variance reflects additional financial advisory services required to address redemption of two properties from the Investors. As these costs are not associated with COCC they will be reclassified to business activities.
- 5 Variance reflects expenses being less than the budget.

Comments

- 1 Variance reflects HAP earned and administrative fee being less than budgeted. Budget anticipated that Port-in cases would be administered by the Authority. However, no cases have been administered as of this June 2019 financial report.
- 2 Variance is due to expenses being less than budgeted.
- 3 Variance is due to inclusion of new car in insurance policy.
- 4 HAP & URP payments in Portprop: there were no expenses from administered cases as of this June 2019 report. See Item #1 above for details.
- 5 Variance is due to HAP payments being higher than budgeted.
- 6 Variance is due to increased FSS escrows.
- 7 Variance is due to costs associated with clients porting their vouchers to other jurisdictions and reflects that those agencies have not absorbed the vouchers.

Comment

- 1 Property consists of 155 public housing units (WestLake, John Wright, and Cecil Gober Villas). Rental income is higher than the budget. A total of 64 units associated with the footprint of Twin Lakes Estates-Phase II are scheduled to be demolished later in the year.
- 2 Variance reflects timely payment of rents and less damage to the units.
- **3** Variance is due to decreased operating subsidy from HUD.
- 4 Variance is a result of expenses being less than the budget.
- 5 Utility Expense variance is due to increased costs in water, electricity, garbage and sewer.
- 6 Variance is a result of an increase in insurance premiums and to reduction in rental income.

Comment

- 1 Consists of 20 Low Income and 20 Tax Credit apartment units. Overall rental income is higher than the budget.
- 2 Variance reflects timely payment of rents and less damage to the units.
- 3 Variance is due to a decrease in the amount of operating subsidy received from HUD.
- 4 Variance reflects expenses that are less than the budget.
- 5 Variance in HAP expenses is due to an increase in utility reimbursement payments. Variance in Financing Expenses is due an increase in the note payables.

- 1 Consists of 109 low and moderate income family and senior apartment units and 87 Tax Credit units. Overall rental income is higher than the budget.
- 2 Variance reflects timely payment of rents and less damage to the units.
- 3 Variance is due to a decrease in the amount in operating subsidy received from HUD.
- 4 Administrative expenses increased for the year due to legal costs associated with redemption of the property from the Investor. The increase for the period is due to cost associated with additional administrative staff that was assigned to the property.
- 5 Tenant Services variance is due to costs associated with the Gig on the Grass Event.
- 6 Variance reflects expenses that are less than the budget.
- 7 Variance in HAP payment is due to an increase in FSS payments.
- 8 Variance in Financing expenses is due to an increase in note payable.
- 9 Variance in Utility Expense is due to costs associated with water, sewer, garbage removal, and electricity.
- 10 The increase in general expenses is a result of a reduction of rental income.

- 1 Community consists of 75 apartment units comprised of tax credit and Section 8 vouchers. Tenant rental income is consistent with the budget.
- 2 Variance is due to residents timely payment of rents as well as causing less damage to their units.
- 3 Administrative expenses are greater than budgeted for the period due to payment of asset management fee to Florida Housing Finance Corporation. There was also a slight increase in IT fees.
- 4 Variance reflects expenses being less than the budget.
- 5 Variance reflects increased maintenance expenses due to an erosion control and plumbing incident at the property.

- 1 Property is comprised of 4, Section 32 Public Housing lease-to-purchase units. Although rental income was higher than budgeted, it will soon change as the budget is based upon rental income for 5 homes and one house was sold in May 2019.
- 2 Variance is due to timely payments of rent and residents causing less damage to their units.
- **3** Variance is due to a decrease in operating subsidy received from HUD.
- 4 Variance is due to sale of one (1) property.
- 5 Variance for the year reflects expenses that are less than the budget.
- **6** Variance for the year is due to a reduction in rental income.

July 2019 Board Report

Program Manager's Report

During the month of June 2019, the Program Manager continued to oversee and strengthen partnerships that are providing certification opportunities and supportive services to participants of YouthBuild-Lakeland Cycle 17:

- TechHire (Polk State College) Training Program commenced at our YouthBuild-Lakeland Center on May 28, 2019. The last training session will be on July 9, 2019. This series of employer-based training courses, thus far, has earned participants their Occupational Safety and Health Administration (OSHA-10) certification and they are awaiting receipt of their Packing Machinery Manufacturers Institute (PMMI) Mechanical Level I and the Certified Production Technician (CPT2) certification. For the period of May 28th July 10th, fifty-percent (50%) of our Cycle 17 participants have attended this training while the other fifty-percent (50%) have focused on the job readiness, education, construction components and community services. The Polk State College TechHire Training Instructors, Eric Dickerson, Manual Padilla, and Derrick Levelston have been very patient, but thorough during their training of the manufacturing curriculum.
- YouthBuild participants assisted Inspire Targeted Case Management Agency, LLC, (ITCMA) with minor repairs and painting of their new office, conveniently located near the YouthBuild Center. The location will make it easier for ITCMA to provide supportive services to our YouthBuild-Lakeland Cycle 17 participants.
- The Program Manager worked with the LHA Lead Property Manager to formulate a dual-purpose opportunity for YouthBuild-Lakeland and The Manor at West Bartow. YouthBuild participants began to train/assist with the preparation of vacant units at The Manor. The scope of training/work included, but was not limited to removal of carpet, furniture, wall repair, painting, handling of interior closet doors and installing appliance.

Academics

Cycle 17 has begun its pursuit of their High School Diploma. Students have begun preparing for the GED and others have started working on completing their diplomas. Instruction in Pre-Algebra and Writing Composition has begun Students have also begun keyboarding instruction. They are gaining this skill to make them more employable, and to help them type faster for the GED written response portion. Students have also been studying for the construction portion doing studying in basic carpentry skills. Student are also being held accountable on their soft-skills in the classroom. Soft – Skills such as punctuality, work quality, and meeting deadlines are being taught and observed.

Recruiting

Recruitment for Cycle 18 is underway and will become more aggressive in the coming weeks.

Job Development and Placement

During the month of June, the Job Placement Specialist (JPS):

- Continued weekly meetings with Shela Stewart-Lucas, TechHire Training Coordinator to discuss progress and/or concerns about YouthBuild-Lakeland participants.
- Continued to provide employment placement, post-secondary education, employment retention,
 and supportive services information to the graduates of Cycles 16.
- Hosted Operation Empowerment workshops with guest speakers Doug Harvey and Tonja Johnson of the Florida Health Department Dental Services Program; and Jonette Diaz of Central Florida Healthcare Program. During each session, speakers educated Cycle 17 participants about the various dental and healthcare services that are available at no cost or with a co-pay of as low as \$10. These services included: examinations, cleanings, x-rays, sealants, treatment planning, fillings, extractions, nutritional counseling, pediatrics, men's health, women's health, and pediatrics.
- Facilitated job readiness workshops on the 10 Things Employers Expect Their Employees to
 Know. The June module included a brief overview of all along with teaching and interactive
 discussion of two of the ten: (1) Companies Are in Business to Make Money and (2) Anger and
 Violence Are Not Problem-solving Techniques.

 Conducted Initial Assessments of Cycle 17 mentees. The assessments, a first step in 'getting to know' Cycle 17 participants, will serve as a tool for YBL staff to adequately provide and/or refer participants for supportive services.

Construction

During the month of June, the YouthBuild participants had their first opportunity to work together as a team as well as use some of the training they've received on using hand tools. The participants were assigned to assist with the rehab of seven units at The Manor at West Bartow, a property of the Lakeland Housing Authority. Participants removed furniture from abandoned units, removed old carpet, patched holes in walls, cleaned and painted the units. The Property Manager was very impressed the participants' respect of staff and residents of The Manor, as well as their ability to work together as a team and complete the assigned tasks in a timely manner.

Cycle 17 participants, Hailey Lackey (left) and Marcos Varona (right), were instructed on how to properly remove furniture and other items from vacant units at The Manor of West Bartow. Terry Love, YouthBuild-Lakeland Construction Supervisor (above right) demonstrates to Varona how to use a dolly.

(Above) Terry Love, YBL Construction Trainer and participants, Jose' Rivera and Christopher Merrick removed old carpet and cleaned ceiling fans in a unit at The Manor at West Bartow. (Below) Leonel Ortega (left) and Samuel Lattimore (right) cleaned and made minor repairs.

Case Management

As the month of June passed very quickly, rapport between YBL Cycle 17 participants and staff continued to grow. The staff randomly selected mentees and introduced to the students who their mentors were. The Case Manager began performing individual Initial Assessments with the students to obtain a history of their life and discuss current living situations. The assessments also offered opportunity to establish a Mentor/Mentee bond while becoming aware of supportive services and guidance that the participants may need. As always, constant motivation and encouragement is given to the students to accomplish their goals.
